STOCKPORT, EDGELEY ROAD UNITED REFORMED CHURCH.
REDUNDANT PIPE ORGAN.

The organ is available for disposal because the Church is closing and the congregation uniting with a local Methodist Church and moving to their building. The organ is a 2 manual and pedal instrument - original builder ? W. A. Boardman. It was acquired from another Church and installed at Edgeley Road about 50 years ago. It has not been substantially altered during that period. The organ is playable and has been tuned and maintained. Details of the instrument are as follows:-
